It's that easy!

And be sure to tell your friends and neighbors about this community-wide program helping to keep the youth of Fountain Hills safe and healthy!

"When I was a kid....."

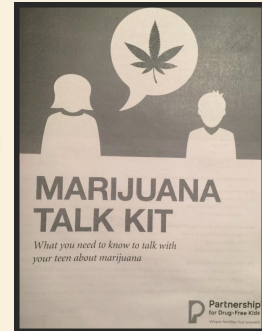

.... doesn't really work today when talking with your kids about marijuana. Marijuana, legal or otherwise, has become a national topic. It is more important than ever for parents to protect their child's health and development by addressing this issue upfront and with facts.

Through the Partnership for Drug-Free Kids*, the Fountain Hills Coalition offers a free **Marijuana Talk Kit** to help families navigate through a changing marijuana

landscape. So that you can have an open dialogue with your teens, we will be featuring excerpts from the Marijuana Talk Kit in upcoming newsletters.

Believe it or not, YOU are the most powerful influence in your child's life. More than friends, celebrities, TV, movies and social media combined. And we are here to help.

If you would like to receive a **Marijuana Talk Kit** (20 page booklet), simply reply to this newsletter or send us an email at: contact@fhcoalition.org that includes your name and mailing address and we will mail it to you - no questions asked.
