

Welcome New Members!

Welcome to the 68 families who took the Safe Homes Network pledge for the first time last month! As members of Safe Homes, we encourage parents to Call & Confirm when their teen is invited to a party of a friend.

"Join the Voices for Recovery: Our Families, Our Stories, Our Recovery!"

Substance use disorders affect thousands of Arizonans and directly touches the lives of individuals, family members, neighbors and colleagues. Families often deal with the complex dynamics of supporting a loved one in addiction recovery while at the same time learning how to take care of their own well-being.

September is National Recovery Month and it's designed to increase awareness of behavioral health conditions. This celebration promotes the message that behavioral health is essential to overall health, prevention works, treatment is effective and people can and do recover from substance use disorders.

This year's theme highlights the importance of families, communities and individuals sharing stories of recovery to encourage others to make a personal connection with the recovery movement.
